

SISTEMALUX

DULANSKI HOLIDAY LIGHTS PARTY

SURPASSED EXPECTATIONS!

12.19.2007

On December 4th 2007, SISTEMALUX was invited to showcase its products, with three other manufacturers, at the "Holiday Lights Party" organized by the Dulanski Group. The event was held from 5:00 to 8:00 at the Grand Ballroom of the Puck Building in Soho, New York and had a turnout of approximately 400 clients which was well beyond the most optimistic forecast.

The happening style of this event offered SISTEMALUX's representatives the perfect conditions to meet new clients and discuss projects and applications.

SISTEMALUX's management plans to participate in more of this type of event in the coming year.
